

Foil Pro

The Foil Pro series is a very fast oxidative drying ink series that is based on renewable raw materials and is mineral oil free. The Foil Pro series is suited for almost any type of printing machines and can be used for a large scale of non-absorbing printing substrates such as imitation parchment, Chromolux, Acetate Foil Plus, adhesive paper etc.

The Foil Pro series is characterised by:

- Perfect runability
- Good cylinder rolling
- Perfect ink/water balance
- High intensity
- Very good rub resistance
- Extremely fast oxidative drying

Properties:

Fast work and turn	4
Fast processing/finishing	4
Rub resistance	4.5
Gloss	4
Setting	medium
Suited for perfecting	no
IR curing recommended	no
Duct fresh	no

5 = excellent, 4 = very good, 3 = good, 2 = satisfying, 1 = sufficient

		Light	Transp.	Spirit	Nitro	Alkali
Pro Foil Yellow	(AD04001CFC100Y.1)	5	+	+	+	+
Pro Foil Magenta	(AD04001CFC100M.1)	5	+	+	+	-
Pro Foil Cyan	(AD04001CFC100C.1)	8	+	+	+	+
Pro Foil Black	(AD04001CFC100K.1)	8	-	-	-	-

+ Properties given, - Properties not given

Note: Due to fast oxidative drying of the ink it is recommended to wash your ink rollers if the press runs idle for 30 minutes!

This technical instruction sheet is designed for your information and reference. It is based on and conforms to our current knowledge. However as actual application is affected by many factors over which we have no control, we are not liable for printing failures.
