

AniPro

The AniPro series especially has been developed for the „Anicolor“ technology and therefore is optimally adapted for the Anicolor standards.

The AniPro series is characterized by:

- Excellent work and turn properties
- Suitable for all sheetfed offset presses
- Vegetable based low VOC ink
- Works well in combination with infra-red drying units, offering an even faster setting and drying
- Suitable for a wide range of finishing applications, such as UV varnish, aqueous coating, foil or lamination
